SUMMARY

I am a Computer Science graduate with real projects experience building full-stack web and mobile apps with Python, React Native and FastAPI. I collaborate well, I pay a lot of attention to writing clean code and I'm eager to grow in a professional environment. Beyond coding, I've contributed to student-led initiatives, collaborated using tools like GitHub and Trello, and even balanced teaching Japanese alongside my studies.

KEY SKILLS

Programming: Python, C++, JavaScript

Web & Frameworks: React, React Native, Node.js, FastAPI, HTML, CSS

Databases: MySQL, REST APIs

Tools: Git, GitHub, Trello, Agile/Scrum

PROJECTS

Safe Path – Mobile Safety Application

Python, React Native, FastAPI, MySQL, Vosk, Sentence Transformers

- Developed a full-stack mobile application for user safety and emergency response.
- Implemented real-time location tracking, emergency alerts and integrated device features.
- Built REST API with FastAPI and handled persistent storage with MySQL.

Book Reviewer – Web Application

HTML, CSS (SCSS), JavaScript, AJAX

- Developed a responsive web application with dynamic user interaction features.
- Handled asynchronous client-server communication using AJAX and JSON data.

EXPERIENCE

Volunteer IT department | 2022-2024

Association of Computer Science Students (ASII)

Projects: Charity Ball, FII IT-ist

- Contributed to building and maintaining project websites using **HTML**, **CSS**, **JavaScript**, modern frameworks like **React** and **Node.js**, and **MySQL** databases for basic data storage.
- Gained real team-based development experience and handling unexpected technical problems.
- Collaborated using industry tools including **GitHub** and **Trello** in an **Agile** environment.

JAPANESE TEACHER | 2021-Present |part-time

- Taught Japanese to small groups and one-on-one students.
- Developed strong organizational skills, adapted teaching methods to different learning styles.

ACADEMIC HISTORY

Computer Science - "Alexandru Ioan Cuza" University of Iași | 2022-2025

Mathematics-Informatics - "Mihai Eminescu" National College | 2018-2022

LANGUAGES & CERTIFICATION

Languages: Romanian (Native), English (Advanced), Japanese (Elementary)

Certifications: JLPT Japanese-Language Proficiency Test N5 | 2022
